13 Media Coverage
16 Closing Ceremony
The 17th Exhibition for Electrical Equipment covered all areas related to power production, transfer and distribution. The 8th GCC – Cigre International Conference provided a specific platform and opportunity for the various parties in the power sector that discussed the issues and challenges that were faced in the region.

GCC Power 2012 was hosted by Sultanate of Oman; their power sector had a lot of improvement and entered a new stage of development, followed by the launching of Oman Power and Water Procurement Company (OPWP). A significant increase in the demand of power and water in the Sultanate.

The topics that were discussed related to electrical power with more than 75 technical papers, 2 tracks for the conference, and more than 284 professionals who attended from GCC and other Arab countries.

For another great opportunity and to learn more about the latest developments in the power sector for this year event GCC Power 2013 will be in Abu Dhabi, UAE.
OPENING CEREMONY

GCC Power 2012 was hosted by Sultanate of Oman; their power sector had a lot of improvement and entered a new stage of development, followed by the launching of Oman Power and Water Procurement Company (OPWP)
THE CONFERENCE

- 75 Speakers
- 2 Conference Tracks
- 224 delegates
- 60 Tutorial
- 284 Total Attendance

PRE-CONFERENCE TUTORIALS

Tutorial 1
Revised IEC specification and maintenance guide for mineral insulating oil

Tutorial 2
Design & Applications of reactive Power Compensation Systems
MAIN TOPICS

Track A

• Development of Renewable Energy in the GCC
• The Solar Value Chain: From Manufacturing to generation
• Why and when is Solar Energy cheaper than Fossil Fuel
• Abu Dhabi – Masdar Shams 1 Project
• DEWA Mohamed Bin Rashid Al Maktoom 10 MW Solar Park
• System Planning, Development and Technical Studies
• System Operation and Control
• Substation Automation
• Smart Grids
• Power Transformers
• HVDC and Power Electronics

Track B

• Asset Management for Power Systems
• Developments in HV Insulators
• Substations and HV Equipment
• Renewable Energy Development
• Protection Systems
Papers were submitted from Countries for the first time such as:

Bahrain, Deutschland, France, India, Italy, Spain
EXHIBITORS

- 25 Exhibitors
- 19 International Exhibitors
- 6 Local Exhibitors
- 11 Countries Represented
- 452 Visitors
